University of Pittsburgh

Topic:
Musical Lecture
(Group participation)

Workshop on Mental Health

The American Association of Industrial Nurses’ 22nd Annual Conference will be held at the Pittsburgh-Hilton Hotel, Pittsburgh, Pennsylvania, April 14-16. A one-day workshop on Mental Health will be conducted on Monday, April 13, 1964 prior to the opening of the conference. Rex Pittenger, M.D., Chief, Staunton Clinic, Department of Psychiatry, University of Pittsburgh School of Medicine, and Mrs. Shirley Smoyak, B.S., M.S., Assistant Professor, Graduate Program in Advanced Psychiatric Nursing, College of Nursing, Rutgers University, will direct the program scheduled from 9:30 a.m. to 3:30 p.m.

Dr. Pittenger’s discussion of “Industry’s Impact on Individual Growth” and Mrs. Smoyak’s presentation of “Psychiatric First Aid In Occupational Health Nursing” will be the introductory lectures. Following the opening session, seminars will be arranged in groups of ten with a leader assigned to each. Leaders will be competent specialists in the fields of psychiatry and psychiatric nursing. Discussion will be concerned with case studies (material to be provided) and relevant emotional problems encountered by the participating nurse in her patient contacts.

The fee for the workshop will be $10.00. Since this workshop is limited to 60, applications will be accepted in order of receipt until March 10, 1964. Only AAIN members who register for the Conference will be eligible. Mail your application with check to the American Association of Industrial Nurses, Inc., 170 East 61st Street, New York, N. Y. 10021. Registration will be acknowledged.
