# UEG Week 2019

## Table of Contents

### UEG Week 2019 Oral Presentations

#### Monday, 21 October 2019

- Opening Session: Part I 10
- Opening Session: Part II 11
- IBD: New drugs, new risks 12
- Therapeutic nutrition in IBD 16
- Modern management of oesophageal dysmotility: Can we do better? 17
- IBD: Basic science 19
- Basic science: Neurogastroenterology 22
- Hot topics from Latin America 24
- Gastric intestinal metaplasia: The premalignant stomach 25
- Clinical update on H. pylori management 26
- Pancreatic neoplasms: Improving diagnosis and outcomes 27
- Endoscopy: The heat in diagnosis and therapy 30
- Towards microbiome targeted therapies 35
- Epidemiology and treatment of IBD 38
- Clinical perspectives on H. pylori infection 42
- Hepatology from bench to bedside 45
- Update in cholangiocarcinoma 47
- Brave new world: Neurons vs. neuronal network 48
- Barrett’s oesophagus 51
- What’s hot in eosinophilic oesophagitis 52
- Pathogenesis of H. pylori infection 55
- IBD: Health care and patient-reported outcomes 58
- Management of patients with portal hypertension 61
- Expanding the horizons for early colonic cancer 62
- Perianal fistula in Crohn’s disease 65
- Shifting paradigms in oesophageal cancer management 66

#### Tuesday, 22 October 2019

- Different faces of microbiota along the digestive tract 69
- Primum non nocere: Making ERCP safer 72
- New impulses in management of gastroparesis 75
- Advances in endoscopy and faecal testing for IBD and cancer 78
- Randomised controlled trials in IBD I 81
- Optimising treatment strategies in pancreatitis and pancreatic cancer 85
- Novel therapeutic approaches in microscopic colitis and c. difficile 87
- Randomised controlled trials in IBD II 90
- Make the gallbladder great again 94
- Basic science: The intestinal epithelium and IBD 96
- Colonic ESD: Does size matter? 98
- Lower GI diseases 4.0: Integrating modern approaches into daily practice 102
- Holistic management of IBD patients 103
- Tackling the NAFLD/NASH epidemics 106
- IBS treatment 107
- Lower GI on fire 111
- Paradigm shifts in IBD treatment 116
- Frontiers in pancreatic neoplasia 119
- IBD: Basic Science I 122
- How to improve the diagnosis of GORD 125
- Big data to robotics 128
- Evidence-based improvements in surgical outcomes 129
- Duodenal flat mucosa: Coeliac and beyond 131
- Trends in treatment and detection of upper GI bleeding 132
- Cirrhosis and liver cancer 135
- Intestinal epithelium in health and disease 138
- Improving colorectal cancer screening 141
- New ways to predict response in IBD 144
- New frontiers in pancreatic neoplasias 146
- Bile duct stone management 147
- Risk assessment, diagnosis and management in colon cancer 148
- HPB on fire 150
Wednesday, 23 October 2019

What’s hot in cold snaring 155
What causes (recurrent) acute pancreatitis? 157
From bench to bedside in pancreatic cancer 160
Towards early diagnosis of gastric cancer 163
Biomarker-based classification of IBD 165
Highlights in oesophageal cancer: What’s hot? 168
An integrated view of microbiome in IBD 171
Seeing is believing: Improving polyp detection 173
ileopathies: From bench to bedside 176
Video Case Session 178
Oncology: Basic mechanisms 182
Hot topics in gastric cancer 184

IBD II 584
Other Lower GI Disorders II 587
Paediatric: Liver, Biliary and Pancreas 682
Oesophageal, Gastric and Duodenal Disorders II 685
H. Pylori II 728
Small Intestinal II 735
Nutrition II 743
Women in GI 748
Paediatric: Upper GI II 749

Wednesday, 23 October 2019

Liver and Biliary III 752
Pancreas III 785
Paediatric: Liver, Biliary and Pancreas 801
Endoscopy and Imaging III 804
Surgery III 862
Paediatric: Endoscopy, Imaging and Surgery 867
IBD III 868
Other Lower GI Disorders III 926
Paediatric: Lower GI III 960
Oesophageal, Gastric and Duodenal Disorders III 962
H. Pylori III 1005
Small Intestinal III 1013
Nutrition III 1023
Paediatric: Upper GI III 1028

Author Index 1031

UEG Week 2019 Poster Presentations

Monday, 21 October 2019

Liver and Biliary I 190
Pancreas I 223
Endoscopy and Imaging I 239
Surgery I 300
IBD I 306
Other Lower GI Disorders I 373
Paediatric: Lower GI I 404
Oesophageal, Gastric and Duodenal Disorders I 405
H. Pylori I 443
Small Intestinal I 449
Nutrition I 457
Paediatric: Upper GI I 462

Tuesday, 22 October 2019

Liver & Biliary II 465
Pancreas II 500
Endoscopy and Imaging II 516
Surgery II 577
