

ENERGY & ENVIRONMENT

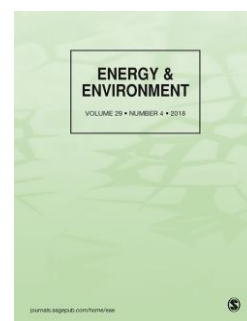

CALL FOR PAPERS

SPECIAL ISSUE: "NANOMATERIALS AND EMISSION ASSESSMENTS FOR ENERGY AND ENVIRONMENTAL APPLICATIONS"

This Special Issue will cover the topics related to Nanomaterials and Emission Assessments for Energy and Environmental Applications. All related manuscripts should be of general relevance and novelty in terms of nanomaterials, nanoparticles, emissions and environmental based analyses for energy and environmental applications.

The list of specific topics covered in this special issue of *Energy & Environment* is as follows:

- Nanomaterials assessments for energy and environmental applications
- Nanoparticle assessments for energy and environmental applications
- Thermo-ecologic, environmental and enviroeconomic analyses for energy and environmental applications
- Emission assessments for energy and environmental applications
- Sustainability assessments for energy and environmental applications
- Life cycle sustainability analysis (LCSA)
- Environmental assessments of energy industry

ISSN: 0958-305X

Guest Editors: Hakan Caliskan, PhD., Usak University (Lead Guest Editor) (hakan.caliskan@usak.edu.tr); Janardhan Reddy Koduru, PhD., Kwangwoon University (reddyjchem@gmail.com); Yasin Sohret, PhD., Suleyman Demirel University (ysohret@gmail.com); Jinsub Park, PhD., Hanyang University (jinsupark@hanyang.ac.kr)

INFORMATION FOR PROSPECTIVE AUTHORS

- 1) Manuscripts must be prepared according to the instructions of the *Energy & Environment* journal, available at <http://journals.sagepub.com/home/eae>.
- 2) Papers must be submitted through *Energy & Environment* journal website: <https://mc.manuscriptcentral.com/eae>. When submitting, the authors should choose the Special Issue option on the submission page (Special Issue: Nanomaterials and Emission Assessments for Energy and Environmental Applications) and indicate in their cover letter that the paper is being submitted in response to this call for paper.

The issue is expected to comprise some papers from **ISESE-2018 (The International Symposium in Environmental Science and Industrial Ecology)**, October 11-12, 2018, Bangkok, Thailand, (<http://isesie.org/>) and expert authors (outside of ISESIE-2018).

SUBMISSION TIMETABLE

- Submission of abstracts: September 30, 2018
 - Notification of selection for full paper: October 30, 2018
 - Submission of full papers: November 30, 2018
 - Publication: Early, 2019
-
- **"Energy & Environment"** is indexed in Social Sciences Citation Index (SSCI), Current Contents - Social & Behavioral Sciences, EBSCO, ProQuest, SCOPUS.
