**Copyright Transfer.** In consideration of acceptance of the above work for publication, I do hereby assign and transfer to the Society for Experimental Biology and Medicine (SEBM) all rights, title, and interest in and to the copyright in the above-titled work. This includes preliminary display/posting of the abstract of the accepted article in electronic form before publication. The Journal grants the Author permission to provide a copy of the accepted manuscript to NIH upon acceptance for Journal publication, with public release in PubMed Central twelve months after final print publication by the Journal. Changes in authorship are NOT permitted after submission. For commercial companies, authorized agents' signatures are allowed for copyright transfer, but the corresponding author must sign for authorship responsibilities as stated below. Material prepared by employees for the US Government in the course of their official duties cannot be copyrighted. Nevertheless, authors must sign the form to indicate acceptance of all terms other than copyright transfer.

**Authorship Responsibilities.** I attest that:

- 1) the manuscript is not currently under consideration, in press, or published elsewhere, and the research reported will not be submitted for publication elsewhere until a final decision has been made as to its acceptability by the journal. **Posting on any preprint server after submission, or a non-approved pre-print server prior to submission is considered dual submission. Posting submitted material on a web site prior to publication may also be considered dual submission.** If evidence of dual submission is found, the manuscript will be rejected or, if published, retracted.
- 2) the manuscript is truthful original work without fabrication, fraud, or plagiarism;
- 3) I have made significant scientific contributions to the study, am thoroughly familiar with the primary data, have reviewed the manuscript, and my specific contribution(s) is (are) indicated in the Authors' Contributions section; and
- 4) I have read the complete manuscript and take responsibility for the content and completeness of the manuscript and understand that I share responsibility if the paper, or part of the paper, is found to be faulty or fraudulent.

**Conflict of Interest Disclosure.** All funding sources supporting the work and all institutional or corporate affiliations of mine are acknowledged. I certify that all associates (consultancies, stock ownership, equity interest, patent-licensing arrangements) that might pose a conflict of interest in connection with the submitted manuscript have been disclosed on-line and that a Conflict of Interest Disclosure form has been submitted to the Editorial Office, if applicable.

**Attestation of Independence/Accountability.** I accept full responsibility for the conduct of the study, had full access to all the data, and controlled the decision to publish.

**Publication Charges:** If the manuscript is accepted for publication, I agree to pay a \$1,000 administrative fee. SEBM members who are first or corresponding author and in good standing at the time of submission do not pay the administrative fee. Authors lacking funding may apply for a *waiver of the administrative fee* at the time of submission (see section 4 of the Aims and Scope). Waivers are not granted once an initial decision has been rendered.

**A signature on this page certifies compliance with ALL statements on page 1 of this form.**

**Please upload/submit the completed form as a Supplementary Not Review file and the final manuscript file. Manuscripts are NOT processed for review without this form.**

Authors should sign in English in the same order as on the manuscript title page (fax signatures, multiple forms acceptable). For more than 10 authors, use an extra sheet.
