Author and Reviewer Resources

Common Method Variance

What is method variance and how can we cope with it? A panel discussion.

A tale of three perspectives: Examining post hoc statistical techniques for detection and correction of common method variance.
Organizational Research Methods, 12(4): 762-800.

Marker variable choice, reporting, and interpretation in the detection of common method variance: A review and demonstration.
Organizational Research Methods, 18(3): 473-511.

Method variance and marker variables: A review and comprehensive CFA marker technique.
Organizational Research Methods, 13: 477-514.

Exemplar:
Transformational leadership and inter-team collaboration: Exploring the mediating role of teamwork quality and moderating role of team size.

Construct Measurement and Validation

A general approach for representing constructs in organizational research.
Organizational Research Methods, 1(1): 45-87.

A brief tutorial on the development of measures for use in survey questionnaires.
Organizational Research Methods, 1(1): 104-121.

Composing group-level constructs from individual-level survey data.
Organizational Research Methods, 12(2): 368-392.

Exemplar:
The Workgroup Emotional Climate Scale: Theoretical development, empirical validation, and relationship with workgroup effectiveness.

Team role experience and orientation: A measure and tests of construct validity.
Group & Organization Management, 40(1): 6-34.
Content Analysis

A content analysis of the content analysis literature in organizational studies: Research themes, data sources, and methodological refinements.
Duriau, V. J., Reger, R. K., & Pfarrer, M. D. 2007
Organizational Research Methods, 10(1): 5-34.

Exemplar:
Management are aliens! Rumors and stress during organizational change.

An Examination of the role of age in mentoring relationships.

The best of times, the worst of times: Exploring dual perspectives of “coming out” in the workplace.

Control Variables

Control variable use and reporting in macro and micro management research.

Potential problems in the statistical control of variables in organizational research: A qualitative analysis with recommendations.
Organizational Research Methods, 8: 274-289.

Exemplar:
The promise and problems of organizational culture: CEO personality, culture, and firm performance.

Experimental and Quasi-Experimental Research

The neglected science and art of quasi-experimentation: Why-to, when-to, and how-to advice for organizational researchers.
Organizational Research Methods, 12: 653-686.

Exemplar:
Rumor as Revenge in the Workplace.

Using event-level of verbal leader behavior on follower leadership perceptions and job performance: A randomized field experiment.
Group & Organization Management, Published online before print December 22, 2015
Longitudinal Research

*Strategy research and panel data: Evidence and implications.*

*Data analysis and modeling longitudinal processes.*

*Longitudinal processes in groups and organizations.*

*Explaining change: Theorizing and testing dynamic mediated longitudinal relationships.*

*Longitudinal research: The theory, design, and analysis of change.*
Ployhart, R. E., & Vandenberg, R. J. 2010.  

Exemplar:

*Antecedents and consequences of fairness perceptions in personnel selection: A 3-year longitudinal study.*
*Group & Organization Management*, Published on November 25, 2015

*Employee reactions to job insecurity in a declining economy: A longitudinal study of the mediating role of job embeddedness.*

*A longitudinal study of team conflict, conflict management, cohesion, and team effectiveness.*

Meta-Analysis

*Meta-analytic choices and judgement calls: Implications for theory building and testing, obtained effect sizes, and scholarly impact.*

*Citing and building on meta-analytic findings: A review and recommendations.*

*A review and evaluation of meta-analysis practices in management research.*
Exemplar:

Employees’ social context and change-oriented citizenship: A meta-analysis of leader, coworker, and organizational influences.

Toward a further understanding of the relationships between perceptions of support and work attitudes: A meta-analysis.

Transformational leadership and performance across criteria and levels: A meta-analytic review of 25 years of research.

Publication/Research Best (and Questionable) Practices

Questions about questionable research practices in the field of management: A guest commentary.

Self-reported limitations and future research directions in scholarly reports: Analysis and recommendations.

Getting through the gate: Statistical and methodological issues in the reviewing process.
*Organizational Research Methods*. Published on-line before print.

The chrysalis effect: How ugly initial results metamorphosize into beautiful articles.
*Journal of Management*, Published on-line before print.

Qualitative Research

The "what" and "how" of case study rigor: Three strategies based on published work.
Gibbert, M., & Ruigrok, W. 2010. 

Seeking qualitative rigor in inductive research: Notes on the Gioia methodology.
*Organizational Research Methods*, 16(1), 15-31.

Demystifying grounded theory for business research.

Exemplar:

The nature of the co-evolutionary process: complex product development in the mobile computing industry’s business ecosystem.
Liu, G., & Rong, K. 2015. 
The form and function of “bullying” behaviors in a strong occupational culture: Bullying in a U.K. police service.
Miller, H., & Rayner, C. 2012.

Psychological Contracts in a nontraditional industry: Exploring the implications for psychological contract development.

Reconciling competing tensions in ethical systems: Lessons from the United States Military Academy at West Point.

**Response Rate/Non-response Bias**

The effects of nonresponse rates on group-level correlations.

Introduction: Understanding and dealing with organizational survey nonresponse.

Exemplar:
Never too much? The curvilinear relationship between empowering leadership and task performance.
*Group & Organization Management*, Published online before print May 2, 2016

**Reliability**

Answers to 20 questions about interrater reliability and interrater agreement.

**Theory Building**

Editors’ comment: So, what is a conceptual paper?
Gilson, L., & Goldberg, C. B. 2015.

Theory pruning: Strategies to reduce our dense theoretical landscape.

Exemplar:
A typology of virtual teams: Implications for effective leadership.
Bell, B. S., & Kozlowski, S. W. J. 2002.

Leveraging leaders: A literature review and future lines of inquiry for empowering leadership research.
Sharma, P. N., & Kirkman, B. L. 2015.
