journals.sagepub.com/home/ihe

Industry & Higher Education is an international peer-reviewed journal published six times per year, dedicated to the relationships between business and industry and higher education institutions. With a strong emphasis on practical aspects, the journal covers organizational, economic, political, legal, and social issues in relation to developments in education-industry collaboration.

Specific articles required

- Analytical and evaluative papers: 4000-8000 words.
- Opinion or viewpoint pieces: 1500-3000 words.
- Case studies or specific programmes: 1500-3000 words.
- Brief factual summaries: 1000-2000 words.
- Letters to the editor
